Merchant's Gargling Oil Liniment cures Rheumatism, Bruises, Sprains, &c.

ANNOUNCEMENT FOR 1888.

THE publishers of the Buffalo City Directory believe that the book which they now provide for the convenience of the public will be found nearly as accurate and complete as it is possible to make such a work; that the volume will prove well in keeping with the era of rapid growth and substantial prosperity which the Queen City of the Lakes has reached. In beauty of typography and finish it will assuredly compare favorably with any other similar publication in the country.

The usual departments have been carefully revised and enlarged, and valuable new features introduced, especially in the introductory matter. The completeness of the indexes will make the Directory more than ever a convenient book of ready reference, and a comprehensive guide to the city.

It is at all hands conceded that the year has been one of general success and increase in business of every branch, the city, financially and in all its interests, being in a flourishing condition quite without precedent in its history. The Directory brings evidence of continued growth. The book of last year contained 78,000 names. This year's has, *by actual count*, 79,557, being an increase of 1,557. Figuring at the very low rate of three and a quarter persons to the name (other cities generally use three and a half, and, in some instances, four), gives Buffalo a population of 258,560.

Included in the volume will be found a fine map of the city. The book, the publishers feel confident, will fill every requisite of a perfect Directory, and will be appreciated as creditable alike to them, the compiler and the City of Buffalo.

Merchant's Gargling Oil, the Standard Liniment, is good for Man and Beast.

BUFFALO

STREET AND AVENUE DIRECTORY.

EXPLANATION.

It will be noticed that in this Street Directory the names of the streets are set down in alphabetical order, giving the course which they run, according, as near as possible, to the points of the compass, and enumerating all streets which cross the same in the order in which they occur. The streets in the city were renumbered in 1868, and the following method was adopted, to wit: From the starting-point of the street, measuring along the line of the street, twenty feet; then making No. 1 to the right-hand side, and No. 2 to the left-hand side, and so on, each twenty feet, whether there be a building or a vacancy or a street crossing. The number on one corner has been given, so that a person wishing to find, say, 499 **Main Street,** on consulting the Street Directory, finds that the right-hand corner of Main and Mohawk is No. 487, consequently the place he seeks is only a few doors above.

Registered Letters and Packages.

Office open from 8 A. M. to 6 P. M. Closed on Sundays and Holidays.

Any article of mail-matter may be registered, subject to the ordinary prepaid rate of postage upon the article, according to its nature, in addition to the registration fee of ten cents.

Registration fee to foreign countries, ten cents.

Stamped Envelopes.

Daily, many letters are dropped in the Post-office unpaid, with revenue stamps and stamps cut from stamped envelopes affixed, which are held for postage; whereas by the use of stamped envelopes, these letters would go forward without delay.

Persons purchasing envelopes can have printed on the left-hand corner, without additional charge, their names and post-office address, and a request to return if unclaimed within a given time, when ordered in quantities of 500 and upwards of any specific denomination. The postage on stamped envelopes, spoiled in directing, will be refunded in stamps, on application at stamp office, provided they have never been sent by mail, and that the misdirection actually occurred at the place where the redemption is claimed.

Prices at which stamped envelopes and newspaper wrappers are sold to the public:

Rates of Postage to Canada.

(The Dominion of Canada embraces all the British North American Provinces, except Newfoundland.)

Letters and Postal Cards—Same rates and conditions of prepayment of postage as for domestic letters and postal cards.

Articles of every kind or nature which are admitted to the domestic mails of either country will be admitted under the same conditions to the mails exchanged between the two countries; except that articles other than *letters in their usual and ordinary form* are excluded from the mails, unless they are so wrapped or inclosed as to permit their contents to be *easily* examined by postmasters or customs officers; and except also the following articles, the transmission of which is absolutely prohibited under any circumstances, viz.:

Sealed packages which, from their form and general appearance, *evidently are not letters*, and are not wrapped or inclosed as above required; publications which violate the copyright laws of the country of destination; packets, except single volumes of printed books, which exceed four pounds six ounces in weight; liquids, poisons, explosive or inflammable substances, fatty substances, or those which easily liquefy; live or dead (not dried) animals, insects and reptiles; confections, pastes, fruits and vegetables which quickly decompose, and substances which exhale a bad odor; lottery tickets or circulars; all obscene or immoral articles, and other articles which may destroy or damage the mails, or injure persons handling them.

Articles other than letters, in their usual and ordinary form, on their arrival at the exchange post-office of the country of destination, will be inspected by customs officers of that country, who will levy the proper customs duties upon any article found to be dutiable under the laws of that country. Dutiable articles received in the United States under this arrangement will be treated in accordance with the regulation upon pages 726 and 727 of the Postal Guide for January, 1888.

Rates of Postage to Postal Union Countries.

Letters, five cents per half ounce or fraction thereof (fifteen grams being the postal equivalent of half an ounce).

Postal cards, two cents each.

Registration fee, ten cents.

Forwarding Letters and Postal Cards.

The law provides that prepaid letters and postal cards shall be forwarded from one post-office to another, at the request of the party addressed, without additional postage. A letter or postal card that has been delivered to an authorized person, and by him redirected to another post-office, can be forwarded to its new address without prepayment of additional letter postage.

Newspapers, periodicals and miscellaneous mailable matter can now be remailed or forwarded by prepayment of original postage.

Merchant's Gargling Oil Liniment cures Rheumatism, Bruises, Sprains, &c.

Advertised Letters.

Letters after remaining in this office one week are advertised. Such letters can only be obtained by calling for them as advertised letters, giving the date of the list and paying one cent for advertising. If not claimed within two weeks thereafter they are sent to the Dead-letter Office.

Letters not Advertised.

The following classes of letters are not advertised: Drop letters; letters bearing requests to be returned to writers if unclaimed; box letters; letters directed and sent to hotels, and then returned to the post-office as unclaimed—being for strangers.

Rates of Postage.

First Class—Letters and all other written matter, whether sealed or unsealed, and all other matter sealed, mailed, sewed, tied or fastened in any manner, so that it cannot be easily examined, two cents per ounce or fraction thereof. Postal cards one cent each. Postal cards are unmailable with any writing or printing on the address side, except the direction, or with anything written upon or attached to them.

On local or drop letters, at offices where free delivery by carrier is established, two cents for each ounce or fraction thereof.

Second Class—Matter of this class shall contain no writing, print or sign, thereon or therein, in addition to the original print, except the name and address of the person to whom the matter shall be sent, index figures of subscription book, either printed or written (which figures may indicate the number of copies sent), the printed title of the publication and the place where it is published, the printed or written name and address of the publisher or sender, or both (without the addition of any advertisement), and written or printed words or figures, or both, indicating the date on which the subscription to the matter will end, the correction of any typographical error, a mark (except by written or printed words) to designate a word or passage to which it is desired to call attention, the words, "Sample copy," when the matter is sent as such, and the words "Marked copy," when the matter contains a marked item or article. And publishers or news agents may inclose in their publications bills, receipts, or orders for subscription thereto; but the same shall be in such form as to convey no other information than the name, place and subscription price of the publication to which they refer, and the subscription due thereon.

Third Class—On matter of this class, or on its wrapper or envelope, or on a tag or label attached, the sender may either write or print his own name, occupation and residence or business address, preceded by the word "from," and may make marks (other than by written or printed words) to call attention to any word or passage in the text, and may correct any typographical errors. There may also be placed upon the blank leaves or cover of any book or other matter of this class a simple manuscript dedication or inscription not in the nature of personal correspondence.

There may also be placed upon the envelope, wrapper, tag or label of matter of this class any printing that is not in its character unmailable as third-class matter, provided there be kept sufficient space for a legible superscription and the necessary postage stamps.

Fourth Class—With matter of this class, properly prepaid as such, the sender may inclose third-class matter; and he may write or print upon the cover, wrapper, or label thereof his name, occupation, residence or business address, preceded by the word "from," and any marks, numbers, names or letters for purpose of description. He may also print upon the same anything that is not unmailable as printed matter, and that is not in the nature of personal correspondence, provided there be left sufficient space for a legible superscription and the necessary postage stamps.

The rate of postage on newspapers and periodical publications of the second class, when sent by other than the publisher or news agent, is one cent for each four ounces or fractional part thereof.

Postal Cards.

The postage of one cent each is paid by the stamp impressed on these cards, and no further payment is required. The address may either be written, printed or affixed thereto, at the option of the sender. Anything else attached in any way to a postal card subjects it to letter postage.

Postal Rules.

A subscriber cannot remail his paper to another without prepayment of postage at transient rates.

Postmasters cannot deliver from their respective offices letters addressed and deliverable from other offices, except in case of letters addressed to discontinued offices nearest the office where such letters are held for delivery.

Money should not be inclosed in an ordinary letter.

Valuable letters should be carried to the Post-office and registered. If money is to be remitted, a Postal Money Order should be obtained.

Money and other valuables sent by mail are at owner's risk.

Head letters with the name of the writer's Post-office and State, street and number. Sign them with full name, and request that answers be directed accordingly.

It is the duty of the Postmaster at the mailing office, as well as at the office of delivery, to carefully examine all printed matter, to see that it is charged with the proper amount of postage, and to detect fraud.

When publishers inclose hand-bills with their newspapers in violation of the law, the Postmaster is required to rate up such packages with letter postage according to the weight of the same, and, if not paid by the party addressed, to return them to the mailing office to prosecute the sender in the penalty of $5 in each case.

No extra postage charge is to be made for a card printed or impressed upon an envelope or wrapper.

Merchant's Gargling Oil, the Standard Liniment, is good for Man and Beast.

The law limits the weight of packages to be sent by mail to four pounds, except books issued by order of Congress.

The persons entitled to receive letters by mail are those whose names are in the address, and delivery should be to the person addressed, or according to his or her order.

Letters addressed to a party deceased can only be delivered to his legal representatives.

Letters addressed to a firm may be delivered to any member thereof.

Drop letters can only be forwarded upon the prepayment of one full letter rate of postage.

THE FOLLOWING ARTICLES ARE UNMAILABLE:

Letters which cannot be forwarded to their destination by reason of illegible or unintelligible superscription.

Letters upon which one full rate of postage has not been prepaid, and those covered by revenue stamps, by stamps previously used, or by stamps cut from stamped envelopes, and packages which exceed four pounds in weight.

Letters insufficiently paid or wholly unpaid for foreign countries, on which prepayment is required in full.

Letters to Europe and other foreign countries belonging to the International Postal Union, which contain gold or silver, money, jewels or precious articles, or any article liable to customs duty.

All letters upon the envelope of which, or postal card upon which obscene, scurrilous or abusive epithets have been written or printed, or disloyal devices printed or engraved, and letters or circulars concerning illegal lotteries, so-called gift concerts, or other similar enterprises offering prizes or concerning schemes devised and intended to deceive and defraud the public. Also, all obscene, lewd or lascivious books, pamphlets, pictures, papers, prints or other publications of an indecent character.

Packages containing liquids, poisons, glass, explosive chemicals, live animals, sharp-pointed instruments, or any other matter liable to deface or destroy the contents of the mail, or injure the person of any one connected with the service.

The Woman's Educational and Industrial Union of Buffalo—No. 25 Niagara square—Incorporated May 15, 1885. Is an entirely non-sectarian organization. Its object shall be to increase fellowship among women, in order to promote the best practical methods for securing their educational, industrial and social advancement. By its Protective Committee it extends sympathy and counsel to women who often lose, through ignorance and weakness, the rights conceded them by law. Its Educational Department provides equal opportunities for intellectual improvement. Its Employment Bureau seeks in every way to help women to become independent. The Library, Reading Room and Gymnasium are open day and evening. Music, games, books and papers are free to all.

To the young woman striving to earn her own living in this city, where temptation abounds and evil lurks in unsuspected haunts, the Union offers a safe and pleasant resort.

The home belongs to the women of Buffalo, without regard to class or position. They will be ever welcome under its roof, and, by their united effort, can make the Union a source of helpfulness to humanity, and an honor to our city.

Strangers are invited to call, and will receive cordial hospitality. The building will be open on week days from 9.30 A. M. to 9 P. M., on Sunday from 2 to 6 P. M.

Buffalo Law School.

Ellicott street, near Clinton street.

A department of Niagara University, organized June, 1887, is under the auspices of the Judiciary and the Bar of the City of Buffalo. The faculty and lecturers upon special topics are either judges now upon the bench, or lawyers in active practice, who will bring to the discharge of their duties ripe experience, made more valuable by their constant engagements in the decision and trial of the many new questions of law which arise in the practice of their profession.

The course of instruction to be followed will occupy two years' time. Each year will be divided into two terms of seventeen weeks each, beginning the first week in October and closing the last week in May. A post-graduate course will be arranged for those students who have graduated from the law department or wish to pursue special courses in advanced subjects.

Instruction will be given by means of lectures, recitations, and especially by the study of leading cases, illustrating the legal principles under consideration. Examinations will be held from time to time to test the efficiency of the work performed by instructors and students.

The situation of the School at the City of Buffalo is a peculiarly favorable one. During most of the college year four Courts of General Jurisdiction are in session, in which the trial of important cases, often by distinguished counsel, are constantly in progress.

Special terms of the Supreme Court and of the Superior Court of Buffalo are held daily, at which judges sit to hear and determine questions touching almost every branch of the law. Terms of the United States Courts are also held in the United States Court rooms; two General terms of the Supreme Court and General terms of the Superior Court of Buffalo are held yearly.

Students will thus have the opportunity to observe the trial of causes before judges and juries, and to hear the argument of legal questions in appellate courts.

Dean, and Professor of Constitutional Law—Hon. Charles Daniels, LL. D., Justice of the Supreme Court.

Professor of Equity Jurisprudence—Hon. Charles Beckwith, Chief Judge of the Superior Court of Buffalo.

THE PICTURESQUE LEHIGH VALLEY ROUTE

TWO THROUGH TRAINS

With PULLMAN CARS attached, are now run via this beautiful scenic route between

SUSP. BRIDGE, BUFFALO, NEW YORK and PHILADELPHIA,

leaving Suspension Bridge 3.40 P. M., and Buffalo 9.10 A. M., and 5.30 P. M., ***Connecting with all Trains from the West.***

Passengers between the East and West passing over the famed

LEHIGH VALLEY ROAD

will experience the pleasure of a trip through the most magnificent and picturesque scenery in the world, presenting an ever varying panorama of delightful surprises.

Double track, steel rails, magnificent road-bed and unrivaled equipment, all combine to make the LEHIGH VALLEY the favorite and most desirable route between the East and the West.

ANTHRACITE COAL IS USED ENTIRELY—guaranteeing to passengers perfect freedom from the dense volumes of Smoke that so greatly annoy passengers on lines using Bituminous Coal.

ARE YOU THINKING OF INCREASING YOUR LIFE INSURANCE?

Don't fail to call or write us to show you the latest plans produced by this great and progressive Company.

PROPOSITION.

Deposit from 2 per cent. to 6 per cent. annually, upon as many thousand dollars and for as long a period as you may see proper, not to exceed twenty years.

1. Should your death occur while your deposits continue, they may be entirely withdrawn by your representative and in addition thereto all the principal upon which such interest deposits were made.
2. Should you cease your payments (after three years), a paid-up policy will be granted for a sum not to exceed twice the deposits.
3. Should death *not* occur and deposits continue to the end of a term of years agreed upon, not to exceed twenty, *you* may withdraw in *cash* your deposits, with a rate of compound interest, in addition thereto, not to exceed 5 per cent., or a paid-up policy to the amount of deposits, with interest compounded, not to exceed 10 per cent.

Many equally important options are necessarily omitted here.

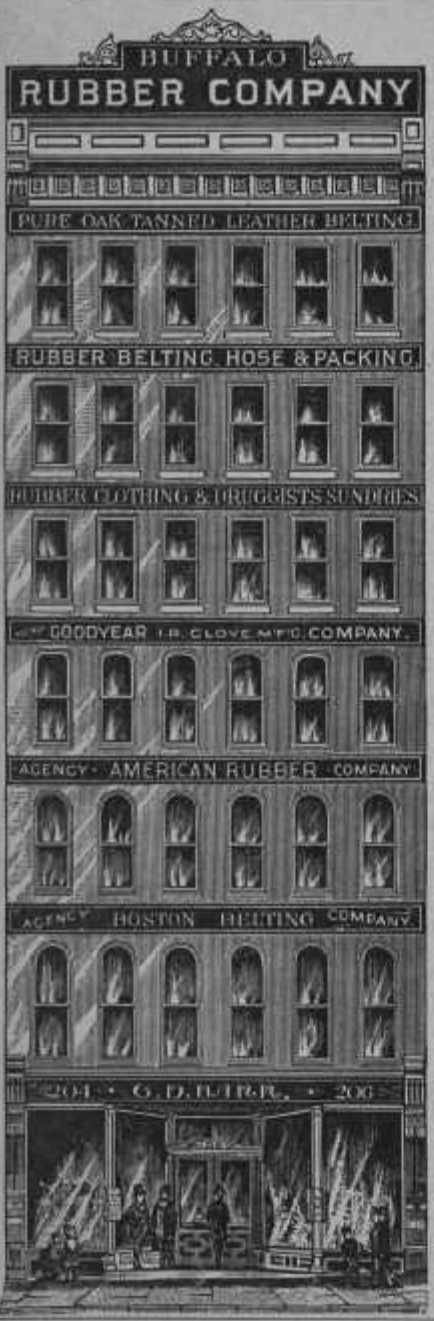
"GRANOLITHIC."

WHAT IT IS.



GRANOLITHIC is an Artificial Stone composed of crushed Granite and Portland Cement. The Granite is reduced by ROLLS or CRUSHERS to irregular cubes which will pass through a half-inch mesh, and is entirely freed from dust or flour, fatal to cement, by an air-blast from a blower. The gradation of particles from the size of a large pea down to the smallest sharp granite sand, with irregular faces and a small proportion of voids and interstices, furnishes a compact, interlaced mass which offers the most favorable conditions for the cement doing its whole duty.

The cement used is a specially prepared English Portland Cement, and not the cement of commerce. It is registered in the Patent Offices of Great Britain and the United States as "Stuart's Granolithic Cement."
